INDEPENDENT AUDITORS' REPORT

Board of Education Unified School District No. 286 Sedan, Kansas

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District No. 286, Sedan, Kansas, as of and for the year ended June 30, 2014, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the Kansas Municipal Audit and Accounting Guide as described in Note 1 to meet the financial reporting requirements of the State of Kansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the Kansas Municipal Audit and Accounting Guide. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by Unified School District No. 286, Sedan, Kansas, to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Unified School District No. 286, Sedan, Kansas, as of June 30, 2014, or changes in financial position and cash flows thereof for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of Unified School District No. 286, Sedan, Kansas, as of June 30, 2014, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide described in Note 1.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, schedule of regulatory basis receipts and expenditures-agency funds (Schedules 1, 2 and 3 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

Prior Year Comparative Analysis

The 2013 Actual columns presented in the individual fund schedules of cash receipts and expenditures actual and budget (Schedule 2 as listed in the table of contents) is also presented for comparative analysis and is not a required part of the June 30, 2014 financial statement upon which we rendered an unqualified opinion dated February 10, 2015. The 2013 financial statements and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration, Office of Management Analysis and Standards. Such 2013 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2013 financial statement. The 2013 comparative information was subjected to the auditing procedures applied in the audit of the 2013 financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2013 financial statement or to the 2013 financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2013 comparative information is fairly stated in all material respects in relation to the 2013 financial statement as a whole, on the basis of accounting described in Note 1.

Restricted Use

This report is intended solely for the information and use of the governing body and management of Unified School District No. 286, and for filing with the Kansas Department of Education, the Kansas Department of Administration, the cognizant federal agency, and other federal audit agencies. This restriction is not intended to limit distribution of this report, which is a matter of public record.

Respectfully Submitted,

Note 1 Summary of Significant Accounting Policies

A. Reporting Entity

Principles Used in Determining Scope of Entity

Chautauqua Community Unified School District No. 286 is a municipal corporation governed by an elected seven-member board. This financial statement presents the school district as a primary government only. The school district has waived the application of accounting principles generally accepted in the United States of America and as such, has not included any component units in this financial statement.

B. Basis of Presentation

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

Regulatory Basis Fund Types:

<u>General Fund</u>—The primary operating fund. Used to account for all unrestricted resources except those required to be accounted for in another fund.

<u>Special Purpose Funds</u>--to account for the proceeds of specific revenue sources (other than special assessments or major capital projects) that are restricted by law or administrative action to expenditure for specified purposes.

<u>Bond and Interest Funds</u>--to account for the accumulation of resources for and the payment of, interest and principal on general long-term debt and the financing of special assessments which are general obligations of the school district.

<u>Capital Project Funds</u>--to account for financial resources to be used for the acquisition or construction of major capital facilities.

<u>Trust funds</u> – funds used to report assets held in trust for the benefit of the municipal financial reporting entity.

Agency funds – funds used to report assets held by the municipal reporting entity in a purely custodial capacity.

C. Basis of Accounting

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America. The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiver the requirement for application of generally accepted accounting and allowing the District to use the regulatory basis of accounting.

Departure from Generally Accepted Accounting Principles

The basis of accounting described above results in a financial statement presentation which shows cash receipts, cash disbursements, cash and unencumbered cash balances, and expenditures compared to budget. Balance sheets that would have shown non-cash assets such as receivables, inventories and prepaid expenses, liabilities such as deferred revenue and matured principal and interest payable, and reservations of the fund balance are not presented. Under generally accepted accounting principles, encumbrances are only recognized as a reservation of fund balance; encumbrances outstanding at year end do not constitute expenditures or liabilities. Consequently, the expenditures as reported do not present the cost of goods and services received during the fiscal year in accordance with generally accepted accounting principles. General fixed assets that account for the land, buildings and equipment owned by the School District are not presented in the financial statement. Also, general long-term debt such as general obligation bonds, temporary notes, and compensated absences are not presented in the financial statement.

D. Budgets

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special revenue funds (unless specifically exempted by statute), debt service funds, and enterprise funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
- 3. Public hearing on or before August 15th but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments during the year ended June 30, 2014.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which, revenues are recognized when cash is received. Expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. All unencumbered appropriations (legal budget expenditure authority) lapse at year-end.

A legal operating budget is not required for capital project funds, fiduciary funds, permanent funds and the following special revenue funds of the School:

ESEA Low Income Title I Fund Improving Teacher Quality Grant Fund Special Mini-Grants Fund Rural Education Achievement Prog. Fund

Contingency Reserve Fund Gate Receipts Fund
Textbook Rental Fund Special Projects Fund

Spending in funds which are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

E. Assets and Liabilities

Cash

To facilitate better management of the District's cash resources, excess cash is combined in pooled operating accounts. Each fund's portion of total cash is based on its equity in the pooled cash amount. Cash in excess of current operating needs is invested on a pooled investment basis and earnings thereon are credited to the special revenue funds designated by Kansas statutes.

Property Taxes and Other Receivables

Collection of current year property tax by the County Treasurer is not completed, apportioned nor distributed to the various subdivisions until the succeeding year, such procedure being in conformity with governing state statutes.

It is not practicable to apportion delinquent taxes held by the County Treasurer at the end of the audit period and further, the amounts thereof are not material in relationship to the financial statement taken as a whole.

Investments

Statutes authorize the School District to invest in U.S. Treasury bills and notes, repurchase agreements, and the State Treasurer's investment pool. All investments must be insured, registered, or held by the School District or its agent in the District's name. The School District's investments are categorized to give an indication of the level of risk assumed by the District at year-end. Category 1 includes investments that are insured or registered, or for which the District or its agent in the District's name holds the securities. Category 2 includes uninsured and unregistered investments for which the dealer bank's trust department or agent in the District's name holds the securities. Category 3 includes uninsured and unregistered investments for which the dealer bank holds the securities. Of the three risk categories, the investments classified in Risk Category 1 have the least risk to the District.

Cash balances in all funds are considered in determining the amount to be invested and further, unless specifically designated, all investment income is credited to the special revenue funds designated by Kansas statutes.

<u>Inventories and Prepaid Expenses</u>

Inventories and prepaid expenses, which benefit future periods, are recorded as expenditure during the year of purchase as required by State statutes. No physical inventories were taken at year-end and no accounting controls exist for control of materials inventory.

Long-Term Debt

Long-term debt is recognized as a liability of a statutory basis fund when due, or when resources have been accumulated in the bond and interest fund for payment early in the following year. For other long-term obligations, only that portion which anticipates financing from expendable available financial resources is reported as a fund liability of a statutory basis fund.

F. Revenues and Expenditures

Property Tax Revenue Recognition

Property taxes become a lien against all property November 1st. Taxpayers have the option of paying in full or in two installments. The delinquency dates are December 20th and May 10th. Delinquent taxes are assessed interest at 12% per annum. The county retains this interest.

Taxes levied to finance the budget are made available to the school after January 1st and are distributed by the county treasurer approximately every month and a half. At least 50% of the taxes levied are available in January.

Reimbursed Expenses

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses shown in the financial statement meet the following criteria: 1) the related disbursement was made in the current year on behalf of the payee, 2) the item paid for was directly identifiable as having been used by or provided to the payee, and 3) the amount of the reimbursed expense was directly tied to the amount of the original cash disbursement.

Interfund Transactions

Quasi-external transactions are accounted for as revenue, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Non-recurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

Note 2 Detail Notes on All Funds and Account Groups

A. Assets:

Deposits and Investments

K.S.A. 9-1401 establishes the depositories that may be used by the school district. The statute requires banks eligible to hold the school district's funds to have a main or branch bank in the school district and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The school district has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 allows the School district to invest idle funds in time deposit-open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The school district has no investment policy that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the school district may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the school district's deposits may not be returned to it. State statutes require the school district's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%.

At June 30, 2014, the School's carrying amount of deposits was \$1,451,853 and the bank balance was \$1,576,950. The bank balance was held in one bank resulting in a concentration of credit risk. Of the bank balance, \$250,000 was covered by federal depository insurance and \$1,326,950 was collateralized with securities held by the pledging financial institutions' agents in the School's name.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the school district will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured and the school district's investment policy requires 100% collateralization at all times.

Investments – As of June 30, 2014 the School held no investments.

General Fixed Assets

The School has not maintained a record of fixed assets used in performance of general governmental operations as required by generally accepted accounting principles. The School has waived compliance until June 30, 2014, in accordance with K.S.A. 75-1120(a).

B. Liabilities:

Long-term Debt

General Obligation Bonds

Kansas Schools are limited to aggregate debt not to exceed 14% of assessed valuation of tangible taxable property within the School. The School's assessed valuation at June 30, 2014 not including motor vehicle valuation was \$23,036,283. The resulting debt limit was \$3,225,080.

Capital Lease Obligations

Changes in long-term liabilities for the School for the year ended June 30, 2014, were as follows:

Defined Benefit Pension Plan

Plan Description. The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 75-4901, et seq. KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 S Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Unified School District No. 286 Sedan, Kansas Notes to Financial Statement

For the Fiscal Year Ended June 30, 2014

Funding Policy. K.S.A. 74-4919 and K.S.A. 74-4921 establishes the KPERS member-employee contribution rates. Effective July 1, 2009 KPERS has two benefit structures and funding depends on whether the employee is a Tier 1 or Tier 2 member. Tier 1 members are active and contributing members hired before July 1, 2009. Tier 2 members were first employed in a covered position on or after July 1, 2009. Kansas law establishes the KPERS member-employee contribution rate of 4% of covered salary for Tier 1 members and at 6% of covered salary for Tier 2 members. Member employees' contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

The State of Kansas is required to contribute the statutory required employers share.

Other Post Employment Benefits

As provided by K.S.A. 12-5040, the school district allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the local government is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in these financial statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the school district makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the government under this program.

Early Professional Employee Retirement

The school district's professional employee early retirement plan provides the following:

- 1. Employee will have a single low option plan paid by the district through the month of their sixty fifth birthday if:
 - a. Employee has reached the age of sixty two and has 20 or more years of service
 - b. Employee has reached the age of sixty and has 25 or more years of service
- 2. Employee will have a single low option plan paid by the district for the first twelve months following their retirement school year if:
- a. Employee has not reached the age of sixty and has 25 or more years of service

Other Employee Benefits

Leave Policy

The school district's leave policy allows crediting each employee with thirteen days leave per year to a maximum of seventy five days. At retirement certified employees with ten years or more of service are compensated for a maximum of thirty days of accumulated and unused leave days at the current substitute teacher pay rate. At the end of each contract year each certified employee is compensated for each unused leave day that is above the seventy five day maximum. The compensation rate is at the current substitute teacher rate.

C. Operating Transfers:

No violations.

Compliance with Kansas Budget Law

No violations.

Compliance with Kansas Depository Security Law

No violations.

Note 4 In-substance receipt in Transit

The District received \$332,928 subsequent to June 30, 2014, and as required by K.S.A. 72-6417 and 72-6434 the receipt was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2014. \$318,306 of these receipts were for the General Fund and \$14,622 for the Supplemental General Fund. The total of these amounts is displayed in the "Composition of Cash" as "Due from State of Kansas".

Note 5 Summary Disclosure of Significant Contingencies

The School participates in federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the School may be required to reimburse the grantor government. As of February 10, 2015, grant expenditures have not been audited, but the School believes disallowed expenditures or overpayments, if any, will not have a material effect on individual governmental funds or the overall financial position of the School.

During the course of its operations, the School is a party to various claims, legal actions and complaints. It is the opinion of the School's management and legal counsel that these matters are not anticipated to have a material impact on the School.

The School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The School has purchased commercial insurance for these potential risks. There have been no significant reductions in insurance coverage from 2013 to 2014, and there were no settlements that exceeded insurance coverage in the past three years.

Note 6 Economic Dependency

The school district is economically dependent on state and federal financial assistance. The revenue from the state and federal governments in relation to total revenues are displayed below for the general fund, supplemental general fund, bond and interest fund and all other funds.

	Total	State		Federal	
	Revenue	<u>Aid</u>	<u>%</u>	<u>Aid</u>	<u>%</u>
General Fund	\$ 2,900,312	2,496,102	86.1		
Supplemental General	806,997	247,762	30.7		
Other Funds	819,719	227,008	27.7	452,767	55.2

Note 7 On Behalf Payments for Fringe Benefits

The School recognizes as revenues and expenses cash contributions made by the State of Kansas to the Kansas Public Employees Retirement System (KPERS) on behalf of the School's employees. For the year ended June 30, 2014, the State made cash contributions of \$22,295. These contributions are recorded in the School's KPERS Contribution Fund as receipts and disbursements.

The State of Kansas reports these transactions on the cash basis of accounting and does not recognize encumbrances (i.e. commitments for unpaid contributions) as expenditures. Accordingly, the transactions reported in the School's KPERS Contribution Fund does not recognize any amounts due from the State for committed but unpaid contributions as of June 30, 2014. The unrecognized encumbrances at June 30, 2014 are in the amount of \$117,725, and represent the contributions due from the State for the first and second quarters of the 2014 calendar year in the amounts of \$69,523 and \$48,202 respectively.
